## INTRODUCTION

This Fact Book was created by the Office of Institutional Research to answer frequently asked questions concerning SUNY Geneseo. The information included represents the 2012-2013 academic year.

Unless otherwise indicated, data for all tables were extracted from the census data (i.e., Early Student Data Submission) for the appropriate academic year and term. Consequently, the Fact Book is updated at the end of each spring term. An electronic copy can be found at <http://www.geneseo.edu/ir>.

The Office of Institutional Research wishes to thank all members of the college community who assisted in the production of the Fact Book by providing data, suggesting changes, and preparing tables. Please contact Julie Rao ([rao@geneseo.edu](mailto:rao@geneseo.edu)) at 585-245-5553 with any feedback or questions.

# COLLEGE PROFILE

## HISTORY OF GENESEO

SUNY Geneseo, one of thirteen university colleges within the State University of New York system, was established by an act of the New York State Legislature in 1867 as the Wadsworth Normal and Training School. In August 1871 the Legislature changed the name to the Geneseo Normal and Training School and officially opened September 13, 1871. Curricular offerings included elementary English, advanced English, and classical studies.

In the early 1900's, the curriculum was reorganized to require two years of professional study, and admission was restricted to high school graduates. In 1922, the programs were extended to three years, and in 1938, to four years. In 1942, the College was granted authority to confer baccalaureate degrees in all its curricula. Basic teacher training programs were expanded to include preparations for teacher-librarians, teachers of children with special needs, and speech pathologists. Teacher education continues to be a strong component of the College's programs.

Geneseo became an original campus of the new State University of New York (SUNY) system at SUNY's inception in 1948. During the next three decades the College developed strong liberal arts and sciences programs and added several professional curricula to its offerings. The first master's degrees were awarded in 1951. In 1962, the teachers colleges of the State University became Colleges of Arts and Sciences. Geneseo's four-year degree programs in arts and sciences were implemented in 1964. Since then, the School of Business was established and majors have been added in such areas as biochemistry, geophysics, and international relations. The College now offers more than 50 degree programs in a wide variety of disciplines. Cooperative programs have been developed in several fields with other institutions, including 3-2 engineering, 3-4 dental, and 3-2 and 4-1 MBA programs. The College's commitment to providing a broad-based liberal arts education was confirmed in 1980 with the institution of a required core curriculum in natural sciences and mathematics, social sciences, humanities, and fine arts. Further revision in 1999 added critical writing, a quantitative requirement and foreign language. The College continues to improve and upgrade its curriculum through regular review and assessment. The strength of the liberal arts program was recognized in 2003 with approval for the installation of a Phi Beta Kappa chapter on campus. The chapter inducted its first class in spring, 2004.

Since 1994, SUNY Geneseo has been a member of the Council of Public Liberal Arts Colleges (COPLAC), an alliance of high quality, public liberal arts institutions. Found in 1987, COPLAC serves to promote excellent undergraduate education in the liberal arts tradition; the development of effective teaching and learning communities; and the expansion of access to public undergraduate liberal arts education of the highest caliber. COPLAC's membership currently consists of twenty-six public liberal arts colleges and universities who are committed to providing and advocating for the superlative, life-enhancing undergraduate education normally associated with small independent colleges.

## HISTORY OF GENESEO

COPLAC also provides leadership in defining and modeling “best practice” in undergraduate education and promoting the qualities cultivated by outstanding student-centered liberal arts colleges.

The State University of New York at Geneseo has evolved dramatically over its 145-year history into a highly selective public liberal arts college, which is nationally recognized for the quality of education it offers.

## MISSION, VALUES AND GOALS

### Mission Statement

SUNY Geneseo, nationally recognized as a center of excellence in undergraduate education, is a public liberal arts college with selected professional and master's level programs. It combines a rigorous curriculum and a rich co-curricular life to create a learning-centered environment. The entire college community works together to develop socially responsible citizens with skills and values important to the pursuit of an enriched life and success in the world.

### Values

- Excellence, and upholds high standards for intellectual inquiry and scholarly achievement;
- Innovation, and affirms a spirit of exploration that fosters continued excellence;
- Community, and embraces the educational aspirations and interests that its members share;
- Diversity, and respects the unique contributions of each individual to the campus community;
- Integrity, and promotes the development of ethical citizens;
- Service to Society, and models the qualities it seeks to develop in its students;
- Tradition, and celebrates its long history of collaborative, learning-centered education.

### Planning Goals

- Provide every student the highest quality education through a rigorous, challenging, and active learning experience in close working relationships with faculty and staff that encourages intellectual engagement and personal growth.
- Recruit, support, and foster the development of a diverse community of outstanding students, faculty, and staff.
- Enrich the collegiate experience by strengthening the integration between curricular and co-curricular programs.
- Cultivate relationships between the College and wider community that support College programs and serve the community.
- Expand funding for institutional priorities and initiatives through public and private support, grants, and entrepreneurial activities.
- Promote institutional effectiveness through ongoing assessment in every program.
- Provide a high quality physical environment and outstanding services, facilities, equipment, and technology.

## STATEMENT ON DIVERSITY AND COMMUNITY

### Geneseo Statement on Diversity and Community

Geneseo holds among its core values the ideals of community and diversity. Our community is defined as a group of faculty, students and staff who live and work together at Geneseo because they share common goals that are based on the ideals of higher education rooted in the liberal arts.

Although they share common goals, the members of the Geneseo community also differ in many ways. Diversity at Geneseo is defined in part as differences in individuals that are manifested in their race, ethnicity, national origin, language heritage, world-view, religion, gender, sexual orientation, class, physical ability, learning style, geographic background, mental health, age, and relationship status.

Geneseo recognizes that the individuals who make up our community bring to it unique perspectives and knowledge that contribute to its richness and vibrancy. Because Geneseo also holds educational excellence among its core value, it recognizes that its progress as a community toward such excellence is predicated on its ability to embrace both the diversity of its members and the vigorous exchange of their ideas.

Geneseo calls all members of our community to share responsibility for the ongoing work of continually recreating a sense of inclusion, belonging, and empowerment, so that together we will achieve our individual and collective aims, and experience the intellectual liberation that is at the heart of the educational enterprise.

Endorsed by the College Senate and Approved by the President, September 2003.

### GLOCAT (Geneseo Libraries Online Catalog)

GLOCAT is the primary access point to Milne Library's collections.

GLOCAT may be accessed from terminals located at various points in the library or from any computer with internet access.

- GLOCAT will answer questions such as:
  1. Does the library have a specific item you want?
  2. Does the library have items on a specific subject?
  3. Where are the items located?
  4. Are the items currently in the library, or are they checked out?
  5. IDS Search and WorldCat are other catalogs that provide access to Milne's collections, plus many other libraries' collections. Links to both are Available on the Library's homepage (<http://www.geneseo.edu/library>)

## LIBRARY

### GOVERNMENT DOCUMENTS

Milne Library is designated a U.S. and New York State depository library. The collection includes more than 75,000 items (including census materials) representing a wide variety of subjects supporting the College curriculum, research, and the information needs of the general public. The Library also provides online access to government information through its web site.

### TEACHER EDUCATION RESOURCE CENTER (TERC)

The Teacher Education Resource Center contains a collection of specimen materials for study and examination by people interested in preschool, elementary, secondary, and special education. The collection includes sample curriculum guides, teaching handbooks, audiovisual instructional materials, educational software, assessment instruments, elementary and secondary textbooks, and reference works related to curriculum development and implementation. The collection also includes children's and young adults' books.

### SPECIAL COLLECTIONS

The College Archives Collection attempts to preserve SUNY Geneseo's institutional history and includes records and publications of the College, including faculty and alumni publications, from 1869 to the present. All materials are restricted to in-library use, and selected materials may be used only with permission of the College Archivist.

The Genesee Valley Historical Collection comprises about 6,000 volumes, maps, atlases, video and sound recordings and other materials on county, town, village, family, and church history in Allegany, Genesee, Livingston, Monroe, Ontario, Orleans, Steuben, and Wyoming counties. Some materials in this collection are restricted to in-library use, but most may be signed out for the regular loan period. The collection is available for use whenever a reference librarian is on duty.

The Carl Schmidt Collection in Historic Architecture includes notes, manuscripts, slides, photographs, and measured drawings Schmidt collected in the preparation of some twenty publications on historical architecture. Items from this collection may be used in the library with the permission of the Special Collections Librarian.

The Wadsworth Family Papers concern the first and continued settlement of land in the Genesee region known as the Phelps and Gorham purchase from 1790 to about 1950, and include a variety of records and documents from the family land offices. The collection consists of an estimated 50,000 pieces. Items from this collection may be used in the library with the permission of the Special Collections Librarian.

## LIBRARY

The Martha Blow Wadsworth Photography Collection consists of 33 albums of photographs taken or collected by Ms. Wadsworth, a talented amateur, on her travels in the United States, Panama, Europe, and the Genesee Region between 1890 and World War I. Items from this collection may be used in the library with the permission of the Special Collections Librarian.

The Rare Books Special Collection consists mainly of rare books held by Milne, plus books that are extremely fragile and/or valuable. It also includes an extensive collection of writings by and about Aldous Huxley. Most materials are restricted to in-library use only.

The Walter Harding Collection consists primarily of Harding's writings about Henry David Thoreau and transcendentalism. Harding, a member of SUNY Geneseo's English faculty from 1956 until his retirement in 1983, was one of the 20<sup>th</sup> century's most prominent Thoreau scholars. All materials are restricted to in-library use.

## TECHNOLOGY

Computing & Information Technology (CIT) supports technology at Geneseo. For complete details on the information provided below, please contact the CIT HelpDesk at (585) 245-5588 or visit our website at <http://cit.geneseo.edu>. The HelpDesk is staffed by both professionals and students and offers computer assistance for students, faculty and staff.

SUNY Geneseo requires incoming freshmen to bring a notebook computer to Geneseo. Geneseo's infrastructure and systems are compatible with Apple Macintosh, Windows PCs and many mobile devices. This requirement has several benefits, including:

- enabling students, faculty, and staff to take advantage of learning opportunities that exist only when every student in a classroom has a laptop;
- establishing a campus culture in which faculty and staff are increasingly willing and able to explore innovative and effective classroom and co-curricular uses of information technology;
- encouraging students to develop essential computer skills.

Geneseo offers exceptional technology facilities. There are over 60 computing labs including a lab for each residence hall. All Geneseo classrooms have computer/notebook projection and Internet access. CIT offers specialized services including video editing, slide scanning, poster printing, and video/audio duplication. Wireless networking is available in academic buildings, residence halls and surrounding outdoor areas on campus allowing students the benefit of the campus network without plugging in.

myCourses is Geneseo's online learning management system that enables faculty to post documents, administer assessments (surveys, quizzes and tests), create discussion forums, wikis and blogs, receive and grade assignments, post grades and more. myCourses provides students with anytime, anywhere, access to their course materials.

myGeneseo is a personal, customizable, web-based information portal to SUNY Geneseo that provides students with access to academic calendars, course offerings, academic department information, campus news and activities.

KnightWeb is the secure, self-service web interface to college administrative data. Students can register for courses, make payments, review/accept financial aid, view grades, transcripts, and campus mailbox assignments and take surveys.
